## **1. About SJ Vietnam:**

SJ Vietnam operates through a network of national non-profit organizations and partner organizations in Europe, The Middle East, Asia, Africa, South and North America, and Australia.

It organizes short and long-term international workcamps, actions of social integration, training activities, international solidarity actions and runs small Youth centers in Hanoi. SJ Vietnam is a full member of UNESCO – CCIVS and NVDA.

*Through these actions, SJ Vietnam aims to promote:*

- The voluntary participation of all, particularly young people and those in social disadvantaged situation, in local, national and international life.
- Local development that takes into consideration the needs of the individual, the environment and the cultural heritage into consideration.
- The break down of barriers between generations, cultures and nations.
- A concrete construction of peace.

SJ Vietnam mobilizes young people themselves to bring the values of tolerance and respects for all human beings without any political or ideological cleavage. The management of the organization and all our activities are open to all young people without any discrimination: we select our volunteers only based on their motivations. For each activity, national or international, we try to have lowest cost possible to be accessible to everybody.

Basically, the activities of the hosting projects which are organized with volunteers are workcamps (teaching, children activities, environment protection, painting, art performance, renovation, masonry, carpentry, joinery, etc) and local development (short and long-term projects).

## **2. Roles:**

The long-term volunteer will be a full member of the national and International SJ Vietnam organization.

He/She will support the workcamp coordinator.
